

# Senior Reflection

## AP Literature Mrs. Kiernan

**Mission:** To celebrate your transition into adulthood by reflecting on the various categories of your education during high school.

**Assignment:**

1. Select a picture that you associate with the following categories of your education – faith, family and friends, academics, extra-curricular, and “Growing in Grace and Wisdom.” These pictures will appear on the first slide of your presentation. You must cite any picture that does not belong to you, so make sure you keep a list of websites you take your pictures from!
2. **Reflections:** Each category slide will contain a personal reflection and photos. Each reflection will begin with a quote from a song, poem, or other piece of literature which you closely associate with that particular category. You will write at least 3-4 sentences explaining the connection between the quote and that category. You will then write 3-4 sentences discussing how you have grown / developed in that particular category during your time in high school. Your “Growing in grace and wisdom” reflection should be 2 paragraphs summarizing the core values you believe you now possess as a result of your development in the other four categories – basically, as you are about to graduate from high school, what are the most important lessons you have learned? You should also include photos on each slide that you associate with each particular category. You can have two slides for each category – 1 for the reflection and 1 for the photos – if that is easier for you.

3. **Works Cited**: You must properly cite any pictures that are not your own, as well as the songs or literature you use for the reflection quotes:

<https://owl.english.purdue.edu/owl/resource/747/08/>.

4. **Due Date**: Your Google Slide Presentation must be linked to your name on the senior reflection page of the class wiki by the end of class on 5/13/2022. Please make sure that you change the privacy settings to anyone at Paul VI with the link so we can view the presentation. We will spend the next 3 days in class taking a trip down memory lane while you share your presentations and share your favorite memories from your time at Paul VI.

“Listen to yourself  
and in that quietude  
you might hear  
the voice of God.”
